Public Notice / सार्वजनिक सूचना 01/2005

Sub: - Export of Iron ore -Sampling - Reg.

The practice being followed in respect of drawal of export samples of iron ore is as per prescribed procedures. Following further instructions are issued in this connection with a view to streamlining the method of drawal of samples in line with the Indian Standard -Methods of Sampling Iron Ores i.e., IS 1405-1982. Accordingly, members of trade and all concerned are hereby informed that the following procedure shall be followed for drawal of samples of iron ore presented for export.

After the exporter/CHA presents the necessary documents for examination of export cargo, gross samples shall be collected while the iron ore is being loaded on the vessels. The time of such drawal of gross samples and frequency shall be determined by the Supdt (Docks) keeping in view the volume of the export goods, the time required to load the goods into the vessels and the IS method referred above. It will be ensured that sufficient number of gross samples is drawn so that the test samples will be truly representative of the consignment. All the gross samples so obtained shall be mixed together and by suitable reduction, test samples shall be prepared.

The test samples so drawn shall be sealed in the presence of exporters and CHA and shall be signed by exporters/CHA certifying that samples have been drawn as per prescribed procedure and are representative of the entire consignment under export.

This order comes into effect forthwith.
